Ergotron® StyleView™ Carts

Exceptional ergonomic mobile computing

Highlights

- *20-inch height range for comfortable data entry seated or standing*
- *Patent pending lift-technology for fluid, light-touch motion*
- *Open architecture simplifies future hardware upgrades and reduces ownership costs*
- *Generous-sized worksurface for everyday tasks*
- *Internal cable management neatly organizes and routes cables*
- *Equipment locks for increased hardware security*
- *Barcode scanner holder to improve accuracy and patient safety*
- *High-performance casters for easy movement on all floor surfaces*
- *UL 60601-1, EN 60601-1 and IEC 60601-1, CSA certified and listed power system and cart for safety*
- *Digital control panel for precise power supply monitoring*
- *Industry-leading warranty*

Ergonomically designed for nurses and deliberately engineered for IT professionals, StyleView delivers more than compact, mobile data entry to the point-of-care. Unparalleled features and superior construction help increase accuracy and efficiency—now and when technologies change. From concept to completion, it was developed with direct input from nurses, IT professionals, and ergonomists. The result is a cart that's best in form as well as function. StyleView is an economical investment built to exceed healthcare industry expectations. It also is an excellent choice for other industries that require premium data-entry mobility.

- The point-of-care cart that delivers innovation, quality, and value
- Improves efficiency and accuracy of care—and patient safety
- Exceptional ergonomics that are healthy for all clinicians

Cable Management Channel routes and conceals cables.

Optional Power System with dynamic digital display allows precise monitoring of system

Three on-board GFI protected AC Power Outlets, included with optional power system, provide CPUs, LCDs, Laptops and other computer equipment with ample power

Tech Specs:

Height:
Up-position: 70.5" (1791 mm)
Down-position: 50.8" (1290 mm)

Caster Footprint: 18" x 18" (457 x 457 mm)

Maximum Weight Capacity:
Monitor: 25 lbs (11.3 kg)
Keyboard: 5 lbs (2.27 kg)

Monitor Interface:
VESA® FDMI™ MIS-D, 100/75, C (hole pattern: 100 x 100 mm & 75 x 75 mm)

AC Power Input/Output:
Accommodates North American 110-120 VAC/50-60 Hz; UK and European 198-264 VAC/47-63 Hz

Optional Accessories:
Universal CPU Holder
StyleView Power System
Scanner Holder
Lithium Ion Battery Security Kit
